

PUBLIC LIBRARIES

Gale's In Context Suite

SUPERCHARGED HOMEWORK RESOURCES

EMPOWER LEARNERS WITH RELIABLE RESEARCH TOOLS

Gale's *In Context* suite of online resources are helpful tools that support out-of-the-classroom learning. Users will be better equipped to conduct research related to their schoolwork, and those homeschooling will be able to expand their curricula.

BIOGRAPHY IN CONTEXT

Biography In Context offers a user-friendly portal experience for those seeking content on the world's most influential people. Learners can explore more than 650,000 biographical entries of international figures from every time period and area of study. Including 4,500 portal pages on contemporary and historical figures, it merges Gale's authoritative reference content with periodicals and multimedia. Content is searchable across more than 170 titles, videos, audio selections, images, and articles.

CANADA IN CONTEXT

Material spans the North American continent and includes Canadian and French first language publications. Discover topics on the First Nations, Confederation of Canada—celebrating 150 years, Métis, Inuit, biographies of Canadian figures as well as information on technology, sports, industry, and more. Content includes encyclopedias, CBC videos, NPR audio selections, global news feeds, and articles from more than 370 Canadian newspapers and magazines.

GLOBAL ISSUES IN CONTEXT

Designed to support global awareness, this resource ties together a wealth of content that allows users to critically analyze and understand the most important issues of the modern world. Content is updated daily through more than 660 geographically diverse full-text newspapers, magazines, and journals for a truly global view. Contains over 100 Gale proprietary pages, 250 country topic pages, and more than 400 issue pages.

RESEARCH IN CONTEXT

Created specifically for middle schoolers, this resource is designed to bridge the gap between *Kids InfoBits* for elementary school students and the subject-specific Gale *In Context* family. Categories cover the most-studied topics ranging from cultures and government to history and literature, all in one interface that combines a visual design with high-quality content and a user-focused tool set.

MIDDLE
SCHOOL
RESOURCE

Cross-searchable with
Opposing Viewpoints In Context.

OPPOSING VIEWPOINTS IN CONTEXT

This cross-curricular product covers today’s hottest social issues. More than 20,000 pro/con viewpoints and 19,000+ reference articles are included, making it an especially rich resource for debaters.

“...this database just keeps getting better and better... OVIC is definitely one of the best databases for high-school students for debates and research papers. –*Booklist*”

 Cross-searchable with *Global Issues In Context*.

SCIENCE IN CONTEXT

An engaging online resource that provides contextual information on hundreds of today’s most significant science topics. By integrating authoritative reference content with headlines and videos, learners see how scientific disciplines relate to real-world issues, from weather patterns to obesity. Users can explore millions of full-text articles from national and global publications, 200+ experiments and projects, and top reference content.

U.S. HISTORY IN CONTEXT

This offers a complete overview of our nation’s past and covers the most-significant people, events, and topics in U.S. history. Comprehensive, contextual, media-rich information supports the development of critical thinking and information literacy skills. Content includes major reference works, millions of news and periodical articles, and most significantly, more than 5,000 rare and vital primary source documents (from slave journals to presidential papers).

 Cross-searchable with *World History In Context*.

STUDENT RESOURCES IN CONTEXT

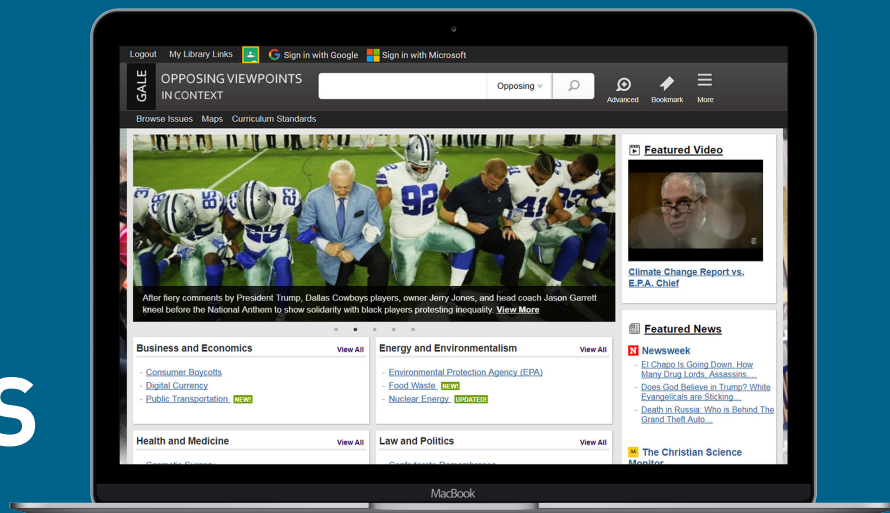

This all-encompassing resource reinforces the development of skills such as critical thinking, problem solving, collaboration, and innovation. Learners can access news content including full-text newspapers and periodicals like *The Economist*, *The New York Times*, *National Geographic*, *Popular Science*, *Smithsonian*, and hundreds of thousands of images, videos, and audio selections.

WORLD HISTORY IN CONTEXT

World History In Context reaches back to the ancient world and forward to today’s headlines to provide a chronicle of the great cultures and societies that have shaped history. Rare primary sources, reliable reference, and multi-media content help students gain context on a wide range of topics within this vast subject.

 Cross-searchable with *U.S. History In Context*.

EXTEND THE REACH OF YOUR RESOURCES

Translation Tools

Accommodate diverse backgrounds with ReadSpeaker text-to-speech technology allowing users to hear content read aloud and download audio files to any device. Also, content can be translated into more than a dozen languages.

Citation Tools

Integrated directly into the user's workflow, MLA, APA, and Chicago-style citations are supported. Formatted citations can be easily imported from single or multiple documents to services like EasyBib or NoodleTools.

Highlights and Notes

Organize, save, and share highlights and annotations within content.

Search Functions

Researchers can search by Lexile range or find content based on basic, intermediate, and advanced levels of complexity.

Uncover Results

The Gale *Opposing Viewpoints In Context* Chrome extension displays results from this popular database alongside Google search results when added to Chrome browsers. The Gale Chrome extension puts your library's resources in the everyday workflow. Now available in the Chrome Web Store.
